

Laser Talk

Democratic and Republican

Hello, my name is _____ -- and I am calling from Citizens Climate Lobby. We are a non-partisan, grassroots, volunteer organization. I'm calling from _____ (State). May I please speak with _____ (Legislative Director)? (See the list for name)

The reports we are receiving from the scientific community are expressing greater urgency for effective climate legislation now. An MIT report published last month says, "The problem will be about twice as severe as previously estimated six years ago, and could be even worse than that." <http://web.mit.edu/newsoffice/2009/roulette-0519.html>

We are concerned that the Waxman/Markey bill is not a match for the problem.

We believe that The Raise Wages, Cut Carbon Act, H.R. 2380, is a major step in the right direction. It was introduced by Representative Bob Inglis, Republican, South Carolina. The bill is revenue neutral, transparent, simple to understand, and can be implemented immediately. Already it has bi partisan support.

Would you please ask Representative _____ to co-sponsor Rep. Inglis' bill? May I call back to get a response? When may I call you?
